Who Should Apply

Applicants must have current list eligibility for appointment to this class, be eligible for a training and development assignment or be a State employee who has transfer eligibility or is currently in the Systems Software Specialist I (Technical) classification. Applications will be screened for eligibility and only those that best meet the requirements of the job will be considered. Appointment is subject to SROA/Surplus provisions.

Why Apply?

The California State Lottery is looking for a self-motivated IT specialist, Systems Software Specialist I (Technical), that has passion, determination and ambition to create an optimal customer experience for our Back Office applications. This place makes dreams come true every day while we enhance the educational experience of our California students. This is a unique opportunity for employment in the Gaming Industry while working towards a State retirement.

What you will do...

Develop logical and technical solution designs and implementations for the Commercial off-the-shelf (COTS) applications.

Develop system requirements; correct program logic and database errors; and incorporate modifications and enhancements into web applications that interface within the organization and other entities.

Gather, analyze, and document business needs, processes, functional and non-functional requirements for the applications.

Serve as developer to support the application life cycle.

Need more reasons to apply? Come work in our award winning "Green" building with near-by walking trails and free on-site gym. We have free parking! Own an electric vehicle? We have electric vehicle charging stations. On our first floor, we have a restaurant (Subway).
