

# The California State Lottery

## Contributions to Public Education

Fiscal Year 2004-2005  
*and*  
Twenty-Year Totals

FINAL

Compiled from Information Provided  
by the State Controller's Office

# MEMORANDUM

**To:** All Interested Parties

**Date:** October 7, 2005

**From:** Patricia Eberhart, Director  
Finance and Administration Division

**Subject:** California State Lottery Education Allocations

The enclosed report summarizes disbursements from the Lottery Education Fund to public education institutions by county for the fourth quarter of FY 2004-05. This report also itemizes Lottery funding based on Proposition 20, which stipulates that 50% of funding above the FY 1997-98 benchmark be spent on instructional materials. All Lottery funding is distributed on an Average Daily Attendance (ADA) basis by the State Controller's Office.

The California State Lottery (Lottery) was established to provide supplemental funding for education in California. Specifically, the Lottery must provide at least 34% of all revenue, unclaimed prizes, and interest in the form of supplemental funding for public education in California. In FY 2004-05, the Lottery generated \$1.17 billion for public education, making this the fifth consecutive year that over \$1 billion has been transferred to public education.

Lottery funds account for approximately 1.5% of all education funding. Funds are distributed to K-12 schools, community colleges, the California State University, the University of California, the Hastings College of the Law, the Department of Youth Authority, the Department of Education—State Special Schools, the Department of Developmental Services, and the Department of Mental Health.

Information on Lottery funding is also available at [www.calottery.com](http://www.calottery.com).
