# Mega Millions Game Enhancement

- Mega Millions Consortium announced upcoming enhancements to the game on Oct. 7, 2024
- Enhancements create meaningful change to the game to counter jackpot fatigue and enhance player experience
- Beginning in 2021, working group from 8 states assessed multiple concepts, including national research
- Consortium focused on simple and easy to play changes, maintaining importance of bigger jackpots

# Enhancement Creates Bigger Jackpots, Better Odds, New Multiplier Feature

Players will see:

- Improved odds to win the jackpot
- Bigger jackpots more frequently
- Larger starting jackpots
- Faster growing jackpots
- A new built-in multiplier on every play, automatically improving every non-jackpot win by 2X, 3X, 4X, 5X or 10X
- No breakeven prizes, meaning when a player wins, they'll always win more than the cost of the ticket

# Game Enhancements Launch in April 2025

- Expect more billion-dollar jackpots, more millionaires
- New game will cost \$5
- Only 2<sup>nd</sup> price change since game launched more than 20 years ago
- Enhanced game will replace existing game
- Proposed regulations on game enhancement will be submitted to Commission in January 2025 for voting
