SACRAMENTO – On this, the eighth day of December, eight lucky lottery players have an extra bright holiday season, as they enjoy newfound millions thanks to the California Lottery. Each of the following players won a million dollars or more, all playing Scratchers.

Three of the winners being unveiled today each won a life-changing \$5 million! **Humberto Corona Davalos** won from a [100X](#) Scratchers ticket sold at Double D Minimart on West Houston Avenue in Visalia (Tulare County). Player **Pablo Mares Molina** won the same top prize from the [\\$5 Million Roaring 2022](#) Scratchers ticket he picked up at JS Liquor & Market on West Century Boulevard in Los Angeles. The California Lottery's mission is to provide supplemental funding to California public schools, including kindergarten and grades 1-12, community colleges, the California State University, the University of California, and other California public educational entities. The funds the Lottery transferred to public education totaled more than \$1.88 billion for fiscal year 2020-21, which amounted to a modest percentage of education's overall budget. However, this funding is largely discretionary, meaning schools can use this for important, yet unfunded instructional programs they would otherwise not afford. During the same period, the Lottery generated almost \$8.4 billion in sales, more than 95% of which went back to the community in the form of prize payments, retailer commissions and bonuses, and contributions to education. The California Lottery urges its customers to play responsibly. Problem gambling resources are available to anyone at 1-800-GAMBLER.
