Narrator says:

"We can't play as a team if we don't look like one. We can't make a goal if we don't have something to aim for. And we can't win if we don't show up. Which is why the California Lottery provides funding that public schools and universities can use for soccer uniforms, nets, equipment, and more. On the field and in the classroom, we're helping students score their goals. The California Lottery. You play, schools win."
