### ***That's Not the Whole Story For 2025***

Something unusual happened in 2025 that demonstrates how any number combination can win in a draw game. On the evening of June 20, the winning *Fantasy 5* numbers were 16,17, 18, 19, and 20. This combination resulted in 27 winners splitting the grand prize of \$77,058 – a fascinating reminder that every combination has the same chance when it comes to draw games, whether it's *Fantasy 5*, *SuperLotto Plus*®,

*Powerball®*, or *Mega Millions®*. Any set of numbers is possible, with the odds being 1 in 575,757 for *Fantasy 5* – the best odds of any California Lottery draw game.

## ***A 2nd Chance is Possible***

*SuperLotto Plus* and *Fantasy 5* have something in common that other California Lottery draw games do not. Every *Fantasy 5* and *SuperLotto Plus* game purchased has a [2nd Chance](#) play built in. For *SuperLotto Plus*, every \$1 played that doesn't win also gets one entry into the weekly 2nd Chance drawing and an opportunity to win up to \$15,000. For *Fantasy 5*, every non-winning \$5 ticket also gets an entry into the weekly drawing and a chance at up to \$10,000.

Players can see 2<sup>nd</sup> Chance results any time by visiting [www.calottery.com/2nd-chance](http://www.calottery.com/2nd-chance).
